- It is easy for me if I put information into groups.
- I know what I do well and don't want to have to worry about a teammate who can't do the work as well.

- I like to plan. I make a plan for how to study and I like to follow that plan.
- I like to know what is going to happen.
- When a teacher gives an assignment I like to get started right away.
- I do not like working when the due date is near. I am always afraid I won't be done on time. Getting my work done first is important. Then I can relax and have free time for fun.

---OR---

- I might make a plan but I want to be able to change it if I need or want to.
- I like to be ready but not too early. If I do the work too soon I might not do my best.
- I like working at the last minute. My best ideas seem to come when the due date is near. When it is time to be done I will be.
- I know I have to do work but work can be fun too. The work may take a little longer but adding the fun is worth it.
